MINISTRY OF COMMERCE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 13th May 1968

**SUBJECT:**—*Conversion of actual user licences for raw materials, components, spares and non-ferrous metals for importing steel and vice-versa—Paragraph 85 of the Import Trade Control Hand Book of Rules and Procedure, 1967 and 1968.*

**No. 80-ITC(PN)/68.**—Attention is invited to paragraph 85 of the Import Trade Control Hand Book of Rules and Procedure, 1967 and of 1968, which provides flexibility to actual users in the utilisation of their licences subject to certain conditions.

2. One of the conditions laid down in this regard is that under the concession of flexibility, a licensee cannot import an item which is banned or canalised in terms of the import policy in force at the time of shipment.

3. Enquiries have been received whether the term "canalised" used in the condition referred to in para (2) above will also apply to the items for which a licensee holds a valid actual user licence, but the import of which has been subsequently canalised, and such canalisation is to meet the requirements of some actual users only, whereas other actual users can still obtain direct licences for importing the items in question.

4. It may be clarified that a licensee cannot import an item under the concession of flexibility provided in paragraph 85 of the Import Trade Control Hand Book of Rules and Procedure, 1967 or of 1968, if, at the time of shipment, the import requirements of the licensee in respect of that item are canalised through an approved agency, even though the licensee may be holding a valid actual user licence for the item, in question, issued to him prior to canalisation.

P. D. KASBEKAR,

Chief Controller of Imports and Exports.
